

TOUCHING LIVES MAKING A DIFFERENCE

The Peerless Group's legacy began in the 1930s. The group's values and work culture have played a crucial role in its success. The group's loyal workforce is its greatest asset, with employees who have been with the organization for decades – a testament to the trust and respect that the group has garnered over the years.

The Peerless Hospital is one of the group's most significant business segments, offering world-class healthcare services to patients. The hospital has earned a reputation for providing high-quality care, and it continues to expand and innovate. The Sunil Kanti Roy Institute of Oncological Services (SRIOS) expansion project, which also aims to increase the hospital's bed capacity from 400 to 750, is a testament to the hospital's commitment to providing accessible healthcare to a growing number of patients.

Additionally, Peerless Financial Services Ltd. (PFSL) provides retail and SME loans in another business segment of the group. PFSL has touched thousands of lives by providing access to credit, enabling individuals and businesses to fulfil their financial aspirations.

Deepak Kumar Mukerjee | Independent Director

Independent Director of Peerless Hospitex Hospital & Research Center Ltd., Peerless Securities Ltd. and Chairman of Peerless Financial Services Ltd.
